

QUALITY POLICY

As part of a dedication to excellence APR Medtech Ltd. is committed to the consistent supply of high quality medical products, to innovative designs, which provide outstanding value to the users.

This company shall comply with the requirements of BS EN ISO 9001:2015, the European Council Directive 93/42/EEC of June 1993 concerning Medical Devices and the subsequent revisions described in Council Directive 2007/47/EC, Medical Device Regulation (EU) 745/2017, and determined applicable regulatory, statutory and customer requirements, in order to establish, maintain and continually improve the effectiveness of the Quality Management System.

It is the policy of this company to establish measurable quality objectives that shall be reviewed and consistent with this Quality Policy.

Management will strive to attain and maintain the highest possible standards of quality and service in order to meet or exceed customer expectations. It is the company policy to:

- Keep & maintain records of the quality management system in accordance with current required standards, regulations and directives.
- Ensure those involved are trained, and conversant in their role within the quality management system, so that the company consistently supplies quality products and good customer service.
- Develop or acquire products which are effective, safe & reliable.
- Strive for continual improvement in performance through internal and external communications.
